Jonas demands that they do something to stop the community from living in ignorance. The Giver argues that change is hopeless, and that the other people of the community don't feel what he and Jonas do. Finally, though, he admits that Jonas's presence over the past year has convinced him that maybe they can do something together.

Gasoline is about 87% carbon and 13% hydrogen by weight. So the carbon in a gallon of gasoline (weighing 6.3 pounds) weighs 5.5 pounds (.87 x 6.3 pounds = 5.5 pounds). So, multiply the weight of the carbon times 3.7, which equals 20 pounds of carbon dioxide! Just something to think about when you fill the tank of the family car!

The extended edition of The Lord of the Rings: The Fellowship of the Ring adds 30 extra minutes to the movie's runtime. A good chunk of this footage is comprised of minor scenes setting up future plot points that don't become important until the later installments, such as the moment where Aragorn (Viggo Mortensen) is spotted singing a love song in honor of his relationship with Arwen (Liv Tyler).
